

**H**appy February. This month, we **love** Take Your Child to the Library Day, the newest video game titles, and a holiday to celebrate love and chocolate.

Saturday, February 4 marked the 6th annual Take Your Child to the Library Day. Hundreds of libraries around the country – and quite a few outside the US – **love** this event, and there was much celebrating on that day. Although the first Saturday in February is the “official” day, activities are taking place in libraries throughout the month of February. You can download materials and get ideas from the Take Your Child to the Library Day website: <http://www.ctlibrarians.org/?page=Take>

We also **love** video games. Well, that might be a stretch, but we do **love** to help you keep your library’s video game collection up-to-date and circulating. February does not disappoint, with new titles being released throughout the month.

And who doesn’t **love** Valentine’s Day, the holiday that pretty much requires us to eat sweets?

Enjoy this month, celebrating what and whom you **love!**
