January 2019 OUR 53RD YEAR

HAPPY NEW YEAR! I sure do love new beginnings. Santa brought me a package of floral file folders, a fountain pen, fancy erasers, and Allbird shoes. (Have you tried Allbirds? Fabulous!) In total, I have no excuse for jumping into 2019 with anything less than full enthusiasm. Bring it!

January brings a moderate number of new titles. Relief. Last fall's flood of new releases was overwhelming, an indication that videogames will continue to be a popular library collection for the foreseeable future. If you busted your budget in September, this is a good time to gather up some of the titles you missed.

Please get in touch if you want to switch up things for the new year. A standing order. Security cases. Whatever we can do to make your videogame collection more current and less time consuming would be our pleasure.

We look forward to working with you in 2019. Onward and upward!
