November 2019 OUR 54TH YEAR

IT'S TOO EARLY TO THINK ABOUT THANKSGIVING, which is astonishingly late this year, so let's just think about video game titles. And holiday decorating. And Wish Lists. If we wait until the turkey is eaten and Black Friday deals, we're going to be way behind.

It's another landslide of new video game titles for November including the long-awaited Jumanji and Star Wars titles. Garfield wouldn't like second billing, but there you go. When I see that Just Dance 2020 is en route to the warehouse, I just feel old. The Just Dance years are flying by.

The titles are all up on our website (www.crimsoninc.com) or you can email your PO in any old format. We're flexible that way. Please get in touch if you need any additional information.
