October 2020

WELCOME OCTOBER, THE SCARIEST MONTH OF THE YEAR

replete with ghoulish goblins, spooky jack-o-lanterns, and terrifying presidential debates. Luckily, it's also the month of candy corn so I think I'm going to be able to power through. Your video game budget may not be so lucky.

Check out the new titles coming this month! The list goes on and on. Talk about terrifying. With people continuing to stick close to home, library patrons will find it a treat to see new releases on the shelves.

This month, we are seeing a lot of PlayStation 5 and Xbox X titles included in the offerings. Most titles, so far, are dual-console-friendly so they will work on PlayStation 4 and Xbox One as well as the new consoles. Everything is marked on the website but, if you have any questions at all, send an email and we'll double check your list.

Have a wonderful and spooky October.
