March 2021

OUR 55TH YEAR

HAPPY MARCH. I hope that it comes in like a lamb and goes out like a lamb. We deserve it after a year of lockdown.

March brings us a spring shower of new titles including a lot of monsters: Monger Energy Supercross 4, Monster Hunter: Rise, Monster Jam Steel Titans 2 and Monster Truck Championship. The "M" department of the warehouse will be on overtime duty this month. One of the most long-awaited titles that was due out this month, LEGO Star Wars: The Skywalker Saga, has been pushed back again. The new release date is 5/25 but I encourage you to pre-order. We'll have them in time to ship on release day whenever that comes.

If you're in need of anything — security cases, wrappers, collection development help, a new standing order — please get in touch. We would love to help.

Happy St. Patty's Day aka the day I am scheduled to receive my second COVID vaccine. Hooray! Better than green beer!

NEPTUNIA VIRTUAL STARS
© 2021 Crescent Marketing

In a dimension called Virtualand, the virtual planets that exist within it contain an extraordinary ability to produce a commodity known as content. Of these celestial bodies is a tranquil planet known as EMO. This was the largest target of a nefarious group, Anti, whose sole purpose is to destroy content created by virtual planets. Their decimation of EMO has left its citizens hopeless. But, luckily, VTubers, popular live-streamers from Earth, were transported to Virtualand. Because VTubers possess an affinity for creating good content, they were obvious targets for Anti. Can the VTubers save planet EMO from complete destruction? Rated T.
