May 2021 OUR 55TH YEAR

MAY DAY! MAY DAY! New Pokemon Snap has just been released and we are overwhelmed with inventory ... and orders ... and shipments. May is off to a roaring start.

You will see all the new May titles at crimsoninc.com, along with most of the titles that will be coming in June. As I gaze into my video game crystal ball, I see new releases coming strong all through the summer months.

Please let me know if you would like to receive our monthly spreadsheets, need locking cases, want to discuss a video game standing order, or have questions about any products.

In other news, my garden is beginning to spring to life and the golf course calls my name. Ah, is there any time of the year better than May? I think not.

Have a lovely month.

RUST

© 2021 Koch Media

In Rust, there is one goal above everything else: survive. Conquer thirst and hunger, battle the elements, create weapons and stay safe against hostile forces including other players, scientists, bears, wolves or even succumb to fire, drowning or radiation poisoning. In the struggle for survival and supremacy, players can build tiny cabins in the woods to huge scrap metal fortresses in an attempt to stay safe, as well as craft a variety of weapons, bombs and traps. A game without rules: Rust doesn't tell its inhabitants what to do. Players are free to be deceptive and aggressive with intense player vs. player combat, raiding and looting, but there is potentially even more to be earned with a team of friendly players by your side.
