## November 2021 OUR 56TH YEAR

**WE ARE REALLY AND TRULY INTO FALL NOW.** The leaves are turning and drifting and I am raking. Who doesn't enjoy a crisp, sunny day in the garden? Putting the garden to bed is a labor of love.

Speaking of labor, our crackerjack warehouse crew is shipping hundreds of orders each day. How do they do it fueled only on donuts? Another mystery for the ages. The late October titles are in and we're already getting the early November releases. Please do order as early as you can so that we can get your shipment out as close to release date as possible.

The November list includes blockbusters like Call of Duty: Vanguard, Just Dance 2022, and a couple of Pokemon titles. All of the November titles along with the December new releases are on our website.

If you have a fiscal year closing in December, please let us know so we can alert you to any titles that have been pushed back.

Happy Thanksgiving to one and all. We are thankful for YOU!
