# September 2022 **OUR 57TH YEAR**

**WHOA!** That was a quick summer by any measure. There's no time to sit with thoughts of summer breezes and toes in the sand because the video game publishers have been working while the rest of us have been relaxing.

It's been a while since I've seen a list like the new release list this month. Maybe since last September. Anyhoo, LOADS of new titles are coming including FIFA 23, Paw Patrol Grand Prix and NBA 2K23. A couple of big titles -- LEGO Brawls and Teenage Mutant Ninja Turtles -- snuck in at the end of August and are ready to ship now. Order away.

We are also launching a new solution for the Switch games. Maybe a little gizmo to fit onto the hub of a disc-style case? Even into a locking case? I like this idea. It's been in the works for a while now, but we should be ready to ship these by mid September. Stay tuned for more info, or shoot me an email if you want the details asap.

Please let me know if you have any questions about standing orders, new titles or Switch gizmos. I've folded my beach towels, put away my golf clubs (not really) and am ready for September.
