March 2023

OUR 57TH YEAR

BEWARE THE IDES OF MARCH! Julius Caesar had no idea what was coming his way, but we do: lots and lots of new video games.

Some of the blockbuster titles coming our way this month include MLB 23 The Show, Star Wars Jedi: Survivor, DC's Justice League, Monster Energy Supercross 6, Resident Evil 4 and WWE 2K23. There are many other titles that you can read about in this newsletter and on our website.

We have quite a few new subscribers this month – welcome! – so I'll just remind everyone that you can also receive monthly new releases in spreadsheet form. If this would be helpful to you, just send me an email so we can add you to that list. Also, get in touch if you are interested in standing orders, custom processing, our new Switch game holders, or collection development assistance. We are here to help.

My daffodils are already well above ground. Can spring be far behind?

RECORD OF AGAREST WAR

© 2023 Aksys Games

War darkened the skies of Agarest. Not a simple war between mortals, easily ended by divine intervention, but a war that split the gods themselves. Armies such as the world had never seen before, and would never see again, clashed in the skies of Agarest, across its surface, and even in the caverns that wound their way through its interior. As is the way in war, many died on both sides, gods and mortals alike, and the war left Agarest broken, blackened, and dead. The gods wept for their paradise, and in a final act of creation, sacrificed themselves to bring life back to its charred and twisted surface. Born into this world perched unknowingly on the brink of the apocalypse, a young man by the name of Leonhardt and his descendants are the last, best hope for Agarest. Rated T.
